SUMMARY

I am an MCA graduate with hands-on experience in web development, specializing in React, JavaScript, HTML, CSS, and Tailwind CSS. Quick learner with a flexible mindset, eager to contribute across the web and app development stack. I enjoy building clean, responsive websites and am looking for an opportunity to apply my skills and grow in a real-world work environment.

PROJECTS

GoTrip - AI Powered Trip Planner

- Project Link: [GoTrip - AI Powered Trip Planner](#)
- Developed GoTrip, an AI-based trip planner web app using React, TailwindCSS, and Firebase.
- Built core feature such as Create Trip, My Trip, Feedback pages to enhance user engagement.
- Bridged the gap between AI technology and practical use cases in tourism.
- Helps users with limited travel knowledge to confidently plan trips using an AI-driven Planner.

Personal Portfolio Website

- Project Links: [Personal Portfolio Website](#)
- Developed a personal portfolio website using HTML, CSS, and Tailwind CSS to showcase skills, projects, and education.
- Highlighted key sections like About Me, Skills, Projects, and Education to create a professional online presence.
- Utilized Tailwind CSS utility classes for efficient styling and faster development.
